MITZVAH SCHOOL

For every foal WSI registers we make a contribution to MaAfrika Tikkun to support the Mitvah School. Since 1986, at the height of South Africa's apartheid-era State of Emergency, the Mitvah School has enabled hundreds of poor students from Alexandra Township to pass their matric exam and enter university and/or pursue good careers.

FOUNDATION DAMLINE PROFILE

Damline 1 descends from Dutch mare family 89 and the foundation mare in the WSI studbook is the KWPN keur preferent prestatie mare Gudrun (Voltaire x Le Mexico x Marco Polo). Gudrun produced two stallions for the Warmblood Studbook of Ireland: the international Grand Prix showjumper Ulysses m2s (by Ekstein) and Princess Haya's stallion President (by Clinton). Gudrun is also the second dam of the WSI-approved mare Vicky (by Burggraaf), who produced a colt foal for the WSI studbook this year. Other international showjumpers that descend from Gudrun include her daughter Orashi (aka Cruisly, by Cruising) and her grand-son Taloubet du Rouet, also an approved stallion and a half-brother of Vicky. The extended damline has produced more international showjumping and dressage horses and approved stallions.

DID YOU KNOW?

The Warmblood Studbook of Ireland requires stallions and mares to be inspected for approval or licensure, and every foal to be registered by WSI must also be inspected as part of our ongoing evaluation of stallions and mares.

JOIN WSI
