## WSI SUPPORTS SOUTH AFRICA

For every foal WSI registers we make a contribution to MaAfrika Tikkun to support the Mitvah School. Since 1986, at the height of the apartheid-era State of Emergency, the Mitvah School has enabled hundreds of poor students from Alexandra Township to pass their matric exam and enter university and/or pursue good careers. Google "Mitvah School" and "MaAfrika Tikkun" to learn about these important charities.

Breeding: Wang Chung m2s was sired by the international showjumper Royal Bravour (Ramiro x Orthos x Courville xx) and is out of the *ster preferent prestatie* mare Harnita (Ahorn x Erdball xx x Marco Polo), the dam of three international jumpers. From Wang Chung's small first crop of foals the WSI has licensed the 3-year-old stallion Chien-Ming Wang m2s. Four foals sired by Wang Chung m2s have been sold to South America including the 2009 Champion Colt Foal An Wang m2s. Wang Chung m2s is owned by Morningside Stud. info@morningside-stud.com

## FOUNDATION DAMLINE PROFILE

Damline 4 descends from Holsteiner stamm 8763 and the foundation mare in the WSI studbook is the international GP jumping mare Corniola (Corrado I x Renomee x Thuswin xx). Following a successful career in sport Corniola was retired to stud and produced the approved stallion Conspiracy m2s (by Condios) and the sport mare Zorriola m2s (by Ekstein), the 2009 KWPN-NA ISF Cup Champion 5-Year-Old Showjumper. Corniola's half-sister Marthago is the dam of the approved stallion and international jumper Chuck Z and his full-brother, the approved stallion VDL Silverstone. Another half-sister, Galina V, produced the international GP jumper Catecus degli Asseri, which was also the 2008 Italian Ladies Champion with Beatrice Baldan. From the damline also comes the Holsteiner approved stallions Corrido, Look Who's Here (an international GP dressage horse), and Edesso and the international GP jumper Corano, and many more national and international jumpers.

## DID YOU KNOW?

WSI requires strict health and radiological examinations of every candidate for stallion licensure

and approval. Included in the health exam is an endoscopic evaluation of the stallion's wind pipe following rigorous cantering to ensure there is no paralysis, which could limit his ability to take in oxygen and is a fault that could be passed on to his progeny. The radiological exam is based on the University of Utrecht's criteria for the KWPN stallion approval except the WSI goes farther by requiring 22 (rather than 18) views including "skyline" views of the navicular bone.

## WSI LICENSES CHIEN-MING WANG M2S

The 3-year-old stallion Chien-Ming Wang m2s has been licensed by the WSI. Sired by the international showjumper Wang Chung m2s (see the profile above) and out of the mare Vampire Slayer m2s (by Ekstein and out of the mare Hazel Cruise by Cruising), Chien-Ming Wang m2s descends from WSI damline 21, which is also known as thoroughbred damline 3e. This stallion was bred by Morningside Stud and is jointly owned by Morningside Stud, Maria Eugenia Moreno (Argentina), and Gustavo Camejo (Uruguay). He will begin his sport career in 2011 in Brazil.
