WSI SUPPORTS SOUTH AFRICA

For every foal WSI registers we make a contribution to the Mitvah School. Since 1986, at the height of the apartheid-era State of Emergency, the Mitvah School has enabled hundreds of poor students from Alexandra Township to pass their matric exam and enter university and/or pursue good careers. Please visit and support www.mitzvahschool.org.za

Warmblood Studbook of Ireland

International Showjumpers with an Irish Accent

STALLION PROFILE

Name: Désir du Château
Sire: Quidam de Revel
Dam: Javotte D
Dam-Sire: Cor de Chasse
Breed: Selle Français
Born: 1991
Size: 172 cm
Breeder: Jean Grandjean
Damline: WSI Damline 16
Sport: Qualified for the French 4-year-old showjumping championship before a serious pasture injury ended his sport career and delayed his breeding career until he was seven years old.

Breeding: Désir du Château was sired by the great Quidam de Revel and is out of the outstanding mare Javotte D (Cor de Chasse x Rantzau xx). Javotte D produced seven international showjumpers and her ancestors and descendants constitute one of the greatest damlines (SF 105) in showjumping breeding: at least 28 international showjumpers have been produced by these mares. The most famous international showjumper from this damline is Edwina Alexander's Olympic horse Itot du Chateau, which is out of a half-sister of Désir du Château. Désir du Château has produced a dozen international showjumpers, including the very successful puissance horse Milord de Kergane, and three international eventing horses. In 2009 Désir du Château sired the Champion Filly of the WSI studbook, Adriana Lima m2s (out of the WSI premium mare Condia m2s by Condios and exported to Germany), and the highest graded eventing-bred foal in the UK, Future Couer du Reine. Désir du Château is owned by Morningside Stud.

FOUNDATION DAMLINE PROFILE

WSI Damline 8 descends from Holsteiner stamm 104a. The foundation mares and fillies in the WSI studbook are the WSI premium mare Concordia m2s (Condios x Cor de la Bryere and now in foal to Ulysses m2s) and her daughters Chippewa m2s (by Apache d'Adriers and now in foal to Désir du Château), America Ferrera m2s (by Désir du Château and exported to Germany in 2010), and Billie Clinton m2s (by Clinton I). Ballistic m2s (by Ekstein and out of Concordia m2s) is a 4-year-old stallion licensed by the WSI that is currently performing a 70-day stallion test in Germany. The dam of Concordia m2s is Ohrle, and Ohrle's half-brother Silberfuchs was a successful 1.40 m. and 1.50 m. showjumper in Germany. The half-sister of Ohrle's dam, the *keur* mare L-Patricia, is the grand-dam of the 2001 Dutch Showjumping Champion Mylord and the mare Finette. Finette is the dam of the international showjumping mare Nicolette and the mare Oda, the dam of the approved stallion and international showjumper Eurocommerce Toulouse. This damline is one of the most prominent in Holsteiner breeding and

is responsible for producing over two dozen approved stallions (including the WSI recognized stallions Caretano, Cassito, and Contendro I) along with international showjumpers such as Retina, Athlet 90, Athletico, Caballo, Corlanda, Contendro II, and Nicolette.

DID YOU KNOW?

The Warmblood Studbook of Ireland is committed to building a world-class studbook that produces a very high percentage of international showjumpers. Building a large studbook with many approved stallions, mares, and foals is not our goal.

JOIN US

WSI now has members in 13 countries. Some of these international members will register foals with WSI but many have joined because they support our efforts to produce international showjumpers of the highest caliber. Please visit www.irish-warmblood.com and discover the benefits of membership – whether you live in Dublin, Ireland or Dublin, Ohio, USA!
