For every foal WSI registers we make a contribution to the Mitvah School. Since 1986, at the height of the apartheid-era State of Emergency, the Mitvah School has enabled hundreds of poor students from Alexandra Township to pass their matric exam and enter university and/or pursue good careers. Conspiracy m2s is a pure Holsteiner by pedigree and both his sire and dam competed successfully in international Grand Prix classes. His Damline 4 descends from Holsteiner stamm 8763 and the foundation mare in the WSI is the dam of Conspiracy m2s, Corniola (Corrado I x Renomee Z x Thuswin xx). Along with Conspiracy m2s Corniola has also produced several mares including Zorriola m2s (by Ekstein), the 2009 KWPN-NA ISF Cup Champion 5-Year-Old Showjumper. Corniola's half-sister Marthago is the dam of the approved stallion and international jumper Chuck Z and his full-brother, the approved stallion VDL Silverstone. Another half-sister, Galina V, produced the international GP jumper Catecus degli Asseri, which was also the 2008 Italian Ladies Champion with Beatrice Baldan. From the damline also comes the Holsteiner approved stallions Corrido, Look Who's Here (an international GP dressage horse), and Edesso and the international GP jumper Corano, and many more national and international jumpers. The first small crop of foals sired by Conspiracy m2s is now 4-years-old and two sons, a gelding named Bourne Ultimatum m2s and a stallion named Bada Bing m2s, are being produced for sport by the 2008 North American Young Eventing Rider Champion Callie Judy; a daughter, Bianca Bella m2s, is an Approved Mare in the WSI (and in foal to Ulysses m2s). His second crop of foals was born in 2010.

FOUNDATION DAMLINE PROFILE

WSI Damline 9 descends from the Dutch Yranta stamm, also known as Mareline 93, Family 24. The foundation mares in the WSI studbook are Femme Fatale m2s (Limmerick x Nimmerdor x Majoor x Marco Polo) and her daughter China Doll m2s (by Wang Chung m2s). Femme Fatale m2s is also the dam of Boy Toy m2s (by Ekstein), a 4-year-old stallion licensed by the WSI that is currently performing a 70-day stallion test in Germany; The Reprieve (by Condios), a 7-year-old gelding that has begun competing in international eventing at CIC* level; and Angelina m2s (by Don Laurie), a 5-year-old mare that is competing in dressage in Ireland and the USA. The dam of Femme Fatale m2s, Renkum Woudina, was a *ster elite* mare that also produced the approved stallion and international showjumper Ringfort Cruise and the approved stallion and Grade A showjumper Renkum Englishman. Renkum Woudina was ranked as the 3rd best mare in the United Kingdom for producing showjumpers. This damline has also produced the approved stallions Renville, Adios,

Bright's Eye, and Nashua and the international showjumpers Renville, Uvantos II V.D. Renvillehoeve, Vavantos V.D. Renvillehoeve, Tavanta, Rainman KB, Javantus, Alarm, Gavanta, Pistache, and Valentino II.

DID YOU KNOW?

As part of the WSI's continuous assessment of Approved, Licensed, and Recognized Stallions at the end of each calendar year we produce reports that use the results of progeny inspections to identify the athletic, movement, and conformation features of foals sired by each stallion.
