The Mare and Young Horse Assessments and Inspections will include the following elements:

1. Pedigree Assessment
2. Conformation Assessment (type, top-line, forelegs, hindlegs)
3. Free Movement Gait Assessment (walk, trot, canter, elasticity, athleticism)
4. Loose-Jumping or Jumping Under Saddle Assessment (jumping technique, jumping scope, jumping reflexes)

NOTE: Loose-jumping or jumping under saddle is optional. Consider your horse's health, welfare and fitness before deciding to jump the horse. Foals may be loose-jumped alongside the mare if requested.

The Formal Assessment for Stage 1 Selection for Stallion Inspection will include the following elements:

1. Pedigree Assessment
2. Conformation Assessment (type, top-line, forelegs, hindlegs)
3. In-Hand Gait Assessment (walk, trot, elasticity)

You will be shown the preliminary results of the Assessment/Inspection at the end of the evaluation (except for the pedigree assessment). An Assessment Report or Inspection Report will be emailed to you within ten business days.

It is not necessary to present your horse or foal with a braided mane, etc. The inspectors understand that young horses, mares, and foals will be brought in from the field. WSI focuses on the genetic and athletic qualities of the horse, not whether it is turned out to the standards expected for a showing class. Foals selected for the Online Foal Sale will be photographed and videotaped at a later date.

Mares, fillies, and foals formally inspected will be considered for Studbook honorifics (Premium Mare, Champion Colt Foal, Champion Filly Foal, Star Foal, and honorifics based on the sport performance of the mare's progeny).

If any disagreements arise, the Parties will use their best efforts to negotiate to resolve all differences. The collaboration of Parties and their researchers is paramount. The Parties agree to appoint an Independent Mediator to convene the mediation. The fees for mediation will be borne equally by the Parties. Should the parties fail to agree to resolve such dispute by Mediation then the parties agree to Arbitration as the second dispute resolution mechanism and before any other remaining dispute resolution options are decided upon.
